

## Banister Primary School Accessibility Plan

As an inclusive school, we respect and value the diversity of the community we serve.

We are committed to raising the attainment of all our pupils with due regard to their individual, social and personal circumstances.

We believe in actively promoting equality of opportunity in every aspect of the life of all pupils, parents and staff.

We are committed to challenging discrimination against those with disabilities, ensuring equality of access and preparing all pupils for life in a diverse society.

We recognise that it is the responsibility of every member of our school community to ensure that this ethos is actively and consistently reflected in our practice. We will systematically assess, evaluate and regularly review the impact of our school accessibility plans on the life, attitudes and achievements of all groups and individuals amongst our pupils and staff.

We respect and value the diversity which exists in the wider community. We are committed to challenging attitudes that promote discrimination against those with disabilities, ensuring respect for all and preparing all pupils for life in a culturally diverse society.

Our commitment to equality for those with disabilities will be demonstrated through:

- Fostering respect for all groups and individuals, within the context of Human Rights
- Promoting non-discriminatory behaviour
- Ensuring appropriate support for individuals with disabilities within the school
- Ensuring high expectations for all
- Ensuring representation of a wider range of diversity within our curriculum and school community
